FORM CA-20, PHYSICIAN'S REPORT

Compensation for wage loss cannot be paid unless medical evidence has been submitted supporting disability for work during the period claimed. For claims based on traumatic injury and reported on Form CA-1, the employee should detach Form CA-20, complete items 1-3 on the front, and print the OWCP district office address on the reverse. The form should be promptly referred to the attending physician for early completion. If the claim is for occupational disease, filed on Form CA-2, a medical report as described in the instructions accompanying that form is required in most cases. The employee should bring these requirements to the physician's attention. It may be necessary for the physician to provide a narrative medical report in place of or in addition to Form CA-20 to adequately explain and support the relationship of the disability to the employment.

For payment of a schedule award, the claimant must have a permanent loss or loss of function of one of the members of the body or organs enumerated in the regulations (20 C.F.R. 10.304). The attending physician must affirm that maximum medical improvement of the condition has been reached and should describe the functional loss and the resulting impairment in accordance with the American Medical Association **Guides to the Evaluation of Permanent Impairment.**
